

## Tax Policy

This document summarises the Tax Policy of Ampol Limited and its controlled entities (Ampol). The Ampol Tax Policy forms part of the broader Ampol Risk Management Framework.

The Ampol Tax Policy describes Ampol's principled approach to the management of its tax affairs. The objectives of the Ampol Tax Policy are aligned with the broader organisational goals and values of Ampol.

Ampol acknowledges that tax risk is inherent in its operations and aims to adopt a systematic approach to the identification and management of tax risk. The oversight and management of tax risk plays an important part in ensuring that Ampol complies with its legal obligations and its broader obligations to the community whilst continuing to protect shareholder value.

As part of Ampol's commitment to transparency in the management of its tax affairs, Ampol will publish an Annual Taxes Paid Report in accordance with Australia's Voluntary Tax Transparency Code.

The guiding principles to be applied by Ampol in the management of its tax affairs are as follows:

- Compliance with all legal obligations in relation to taxation payments, including on-time payments;
- Tax is paid in the jurisdictions where value is created;
- Compliance with the relevant tax laws in all jurisdictions in which we operate;
- Immediate reporting of any detected errors/omissions to all relevant revenue authorities;
- Maintaining integrity of compliance, reporting and governance systems;
- Application of the arm's length principle to the pricing of transactions between Ampol group companies in accordance with the guidelines issued by the OECD;
- Maintain open and constructive relationships with revenue authorities at all times;
- Provide evidence (as required) that tax positions adopted are legally sustainable in the event of challenge by a revenue authority; and
- Transactions entered into by Ampol have a clear business purpose or commercial rationale and do not rely on tax outcomes for their commercial viability.

The Ampol Tax Policy will be executed in adherence with the policies and procedures that form the Ampol Tax Risk Management Framework, the broader Ampol Risk Management Framework and the Ampol Delegations of Authority.
