

Securities Trading Policy

Introduction

Directors, employees and contractors of listed companies may receive or possess inside information that is not generally available to investors and that may have a material effect on the price or value of a company's securities.

This policy has been developed to ensure Ampol staff do not trade in Ampol Limited (Ampol) securities and the securities of other companies that Ampol may be in business with (including customers, suppliers, contractors and business partners) in a way that breaches the law or compromises confidence in Ampol's investor practices.

Ampol staff, particularly Directors and senior executives who trade need to be mindful that they will often be, or be perceived to be, in possession of market sensitive information or inside information concerning Ampol that is not generally available to investors. The purpose of this policy is not only to minimise the risk of insider trading but also to avoid the appearance of insider trading and the significant reputational damage that may cause.

Insider Trading Prohibition

The law prohibits any person who has inside information from trading securities personally or through another person (such as a family member, friend, associate, broker, investment adviser, private company or trust).

Ampol staff who possess inside information about any company (including Ampol) must not:

- trade in the securities of that company;
- advise, procure or encourage another person to trade in the securities of that company;

- pass on inside information to any other person if they know, or ought reasonably to know, that the person may use the inside information to trade in (or procure another person to trade in) securities of that company.

Ampol staff who are not Designated Ampol Personnel may trade in Ampol securities at any time provided they do not have or possess any inside information.

- any other period designated as a black-out period by the Ampol Board and advised to the Designated Ampol Personnel.

The Company Secretary will follow the Internal Approval Process before providing confirmation of clearance to trade.

Any clearance to trade may be withheld for perception reasons. Clearance to trade can be given or refused without giving any reasons and may be withdrawn if new information comes to light or there is a change in circumstances. If clearance to trade is refused, the person seeking the clearance must keep that information confidential and not disclose it to anyone.

Trading in securities of other entities

Designated Ampol Personnel are prohibited from trading in the securities of other entities with which Ampol is in confidential negotiations about a material transaction as a result of information acquired through their role.

Permitted Trading

Provided they do not have or possess any inside information, Ampol staff (including Designated Ampol Personnel) may trade in Ampol securities in the following circumstances (Permitted Trading):

- acquisition of securities under an offer or invitation made to all or most of the security holders in Ampol, such as a rights issue, a security purchase plan, a dividend or distribution reinvestment plan or an equal access buy-back, where the timing and structure of the offer has been approved by the Ampol Board;

 - they entered into the plan outside a closed period;

 - the plan does not permit them to exercise any discretion over how, when and whether to dispose of securities.

Directors should notify the Company Secretary as soon as practical after any Permitted Trading.

- offers made to Ampol staff to participate in Ampol short and long term incentive plans and share plans (together, Plans);

although offers, acceptance periods, purchases and transfers relating to the Plans should, wherever possible, occur outside of closed periods.

Exceptional Circumstances

Ampol recognises that Designated Ampol Personnel may need to trade in Ampol securities during a closed period in exceptional circumstances.

The Chairman of the Board, for Directors and ALT and the Chairman of the Audit Committee, for the Chairman of the Board, have the discretion to grant an exemption to the prohibition on trading in Ampol securities during a closed period in the following circumstances:

- severe financial hardship;
- exceptional personal circumstances; or
- to give effect to a court order, court enforceable undertaking or other legal or regulatory requirement.

For the purposes of this policy, Designated Ampol Personnel are considered to be:

- in severe financial hardship if, in the opinion of the person exercising the discretion, they are only able to meet their financial commitments by selling their securities; or
- circumstances are truly exceptional such as a court order or a court enforceable undertaking or some other overriding legal or regulatory requirement to transfer, or accept a transfer of, securities,

and the proposed disposal of Ampol securities is the only reasonable course of action to overcome these circumstances.

Designated Ampol Personnel must follow the Process for Requesting Trading Clearance.

Training and Compliance

This policy is available to all Ampol staff and a copy of this policy is provided to Designated Ampol Personnel on a regular basis.

Designated Ampol Personnel are required to ensure they are aware of and understand their obligations and responsibilities under this policy.

Contravention of policy

Ampol considers contravention of this policy to be a serious matter and may lead to disciplinary action, including termination of employment.

Ampol staff must report any contravention of this policy to the Company Secretary, who will in turn report it to the Board.

Additionally, a contravention of the law relating to insider trading can have serious consequences, including criminal and civil liability, for individual Ampol staff and for Ampol.

Review of policy

The Board will review this policy within six months of the second anniversary of its last review.
